

## **Cake Mix with Diet Soda**

1 cake mix (flavor of your choice. Cake mix must not be the type that only asks you to add water. Choose a mix that requires eggs, oil, and or butter)

1 can diet soda (flavor to go with cake)

Mix soda with cake mix and bake as directed on box.

Please note: to use dark sodas with dark cake mixes and light sodas with light cake mixes. To get a moist product make cake into muffins.

The nutritional information will be based on the cake batter information on the box and depends on the serving size you use.

Cake and Soda key:

Chocolate cake with a diet cherry soda or diet cola

Spice/carrot cake with diet cream soda or orange soda

Yellow or white cake with diet lemon lime, sprite, or sierra mist soda
